I probably would've been a Soc. I'm not very "rough" like the greasers are in the book. I'm not sure how to explain it, but they give off the tougher energy and aren't really liked, and that doesn't seem like it suits me. Like Cherry said, they all have their own problems and they're not perfect, so they're not completely uptight and stuck up. They're not as tough, and are tidier, but they're not perfect and have their own stuff to deal with. I just don't think I would have been a greaser based on all the stuff I've heard about them already. They resort to violence a lot more.
