Specific Professional Goal	Observations and Comments
Implementing a written lesson plan.	Great outline. Clear Set - Development - Closure What are some possible adaptations to reach all the kids? Rae* Ambessa - difficult
Observing students while teaching.	

"It would be really hard if someone fell in a shark tank." ~Olivia

Professional Development Plan

Topic: Learning to Relate

Date:

Teacher: Karlee Andres - Miss. Andres

Observer: Cheri Meadowcroft

1. Professional Goal	2. Steps to Achieve Goal
- Relating to other teachers (including pre-interns) in a professional manner	

3. Instructions for Observer:

- watch how Miss. Dayman and I interact with each other and work together as a team

4 Data Collection

- * You took turns speaking + teaching.
- * Both stood respectfully and didn't interject while the other spoke.
- * Both floated + supported; reminding students to work as a group.
- * You had lots of great ideas + supported each other. Try to be on opposite corners to encourage more participation.
- You did this at times.

5. Other Comments

Students raised hands well to your questions.
Nice clear instructions in your set.
Students moved smoothly.
Encouraged team work + cleaning as they went.
Q + A -> everyone could participate b/c each had a card.
