3. Instructions for Observer:

4 Data Collection

- * Good examples
- * Slow down + explain more of the intension of the activity. You want to get to know them.
- * Good quick addressing of students questions + moving on (Bronson)
- * Getting materials one group at a time went well.
- * Flooding was great. You got to lots of tables + students
- * Students were very excited to work.

5. Other Comments

Have students draw/write first. ^{in pencils.} Colour when ^(Bet) all boxes are done. Encourages planning + neatness.

* You offered positive feedback to students.

Allowed students to read when done. - Good.

* Connected their answers to yourself + asked for ~~more~~ more info.
